

HIGHWAY INDUSTRIES LTD

Highway Industries Ltd, set up in 1971, is a well known manufacturer of Hot Forging, Cold Forging and Machined Auto Components.

Address

The facilities of the company are spread in three locations

- UNIT - I
G.T. Road,
Sahnewal,
Ludhiana
India
- UNIT - II
698, Industrial Area B,
Ludhiana,
India
- UNIT - III
Phase VIII, Focal Point,
Mangli,
Ludhiana,
India

E-Mail : sanjeev@heroexports.com

Website : www.heroexports.com

Sales Turnover(05-06) : Rs.118 Crores (€ 22.0 million)

Manpower : 1300

Products

- Crank Shaft – 4.50 Million P.A.
- Connecting Rod – 3.00 Million P.A.
- Spindle Kick Starter – 1.44 Million P.A.
- Arm Assembly Kick Starter – 1.32 Million P.A.
- Primary Piston – 1.00 Million P.A.
- Flange Axle – 1.00 Million P.A.
- Sleeves – 12.00 Million P.A.
- Special Purpose Machines (SPMs)

Customers

- Exports :
 - ▶ Multimatic Inc
 - ▶ Dynamic Suspensions
 - ▶ Pullmatic Mfg
 - ▶ Magna Power train
 - ▶ Bofasco Auto Components
 - ▶ Canpwerk GmbH
 - ▶ Sanden International
 - ▶ Electrolux
 - ▶ Sanat Gostaran
 - ▶ Sanay Idjad
 - ▶ Razmyaran
 - ▶ American Cycle systems
 - ▶ Decathlon
 - ▶ Biria GmbH
 - ▶ Global Purchasing Soln
- Hero Hondo Motors Ltd
- Hero Group Companies

Certifications

- ISO 9002
- TS 16949

Facilities

Hot Forging Presses – 6 Nos.

Capacities ranging from 100 Ton to 2500 Ton

Induction Billet Heaters – 6 Nos.

Capacities ranging from 250 KW to 800 KW

- Trimming Presses – 6 Nos.
- Coining Presses – 6 Nos.
- Bandsaws – 8 Nos.
- Shearing Machine – 1 No.
(imported)

Heat Treatment & Lab

- Continuous Mesh Belt Hardening,
Quenching,
Washing, Drying & Tempering
Furnaces
- Normalising Furnaces

- Metallurgical Microscope
- Rockwell & Brinell Hardness Testing Machines
- Magnetic Crack Detector
- Micro Hardness Tester
- Ultrasonic Flaw Detectors
- Facility for Chemical Analysis

Quality Control Instruments

- C.M.M. (Mitutoyo Make) - 1 No.
Measuring Range 705x1005x605 mm
- Electra Height Gauge (Mahr, Germany make) – 2 Nos.
- Digital Height Gauge (Mitutoyo make) – 8 Nos.
- Profile Projector – 2 Nos.
- Surface Roughness Tester (Mahr, Germany make) – 2 Nos.
- Slip Gauge Box (Mitutoyo make) – 1 No.
- Standard Pins from Micro Gauge – 2 Boxes
- Bore Gauge (Mitutoyo make) – 1 No.

Machining Facilities for Production'

- For Crank Shaft - 7 Lines
- For Connecting Rod - 3 Lines
- For Spindle Kick Starter - 2 Lines
- For Arm Kick Starter - 2 Lines
- For Joint Kick Arm - 2 Lines
- For Primary Piston - 1 Line
- For Flange Axle - 1 Line
- For Sleeves - 4 Lines

MACHINE TOOL DIVISION

This division is for the manufacture of Special Purpose Machines (SPMs) for our Group Companies
