

SHIVAM AUTOTEC Ltd

Formerly, Munjal Auto Components, set up in 1999, is the pioneer in Near Net Shape Forging Technology in India. Set up with the latest Japanese technology, it is capable of manufacturing wide array of High Precision Near Net shaped warm and cold forging components.

Address:

58th Km Stone,
Delhi-Jaipur Highway
Village Binola,
Gurgaon
Haryana – 122 413
India

Sales Turnover(05-06): Rs.118 Cr (€ 21.4 Million)

Manpower - 800

Products

- Warm and Cold precision forging components with Near Net shape Technology
- Gear
- Gear Blanks
- Spline Shafts & Ratchet

Customers:

- Hero Honda Motors Ltd
- MICO Bosch

Certification

- ISO / TS 16949
- ISO 140001
- OHSAS 18001
- DOL Certificate from Hero Honda
- Performance award from MICO BOSCH

Facilities

Press Shop

- 1350 T Mechanical Press – 1 No
- 630 T Mechanical Press for warm forging – 2 Nos
- 400 T Mechanical Press for warm forging – 1 No
- 200 T Mechanical Press – 2 Nos
- 100 T Mechanical Press – 2 No
- 200 T Hydraulic Press – 2 Nos

- 450 T Billet Shearing machine – 1 no
- 200 T Billet Shearing machine – 1 no

Machine Shop

- CNC Turning Centre (MAZAK Make) – 69 Nos.
- CNC Hobbing M/c (Japanese Make) – 11 Nos
- CNC Shaping M/c (Japanese Make) – 3 Nos
- CNC Shaving M/c (Japanese Make) – 1 No
- CNC Angular Wheel Head Grinding M/c – 4 Nos
- Helical Broaching M/c – 1 No
- Gear Testing M/c (M& M make Imported) – 2 Nos .
- Seal Quench Furnace (CNC Controlled machines)

Tool Room

- Centre Lathe (NH22) – 1 No
- Milling Machine – 1no
- Broach Re-sharpening M/c – 1No
- EDM – 1 No
- Imported Mirror Machine – 1 No
- Universal Cylindrical Grinder – 1 No
- Tool & Cutter Grinder – 1 No
- Surface Grinder – 1 No
- Imported Lapping Head – 1 No

Quality Control

Standard Room

- Online inspection in press and machine shop via CNC machines
- Gauge Calibration facility
- Profile projector
- Lead Profile tester

Metallurgical Laboratory

- Magnetic crack detector
- Hardness tester
- Metallurgical microscope
